Guinea pig polyclonal antibody to human ghrelin (24-51): Whole serum

RRID:AB_2492391

Type: Antibody

Proper Citation

Biosensis Cat# GP-032-50, RRID:AB_2492391

Antibody Information

URL: http://antibodyregistry.org/AB_2492391

Proper Citation: Biosensis Cat# GP-032-50, RRID:AB_2492391

Target Antigen: A synthetic peptide (GSSFLSPEHQRVQQRKESKKPPAKLQPR) corresponding to the amino acids 24-51 from human ghrelin. This peptide was conjugated to carrier protein to enhance the immunological response.

Host Organism: guinea pig

Clonality: unknown

Comments: IHC. A concentration of 1 in 3000 is recommended for IHC. IHC performed in sheep abomasum demonstrates intense staining of cells and terminals. No staining is evident when the primary antibody is pre-absorbed with 0.5 mg/ml of human ghrelin. Biosensis recommends optimal dilutions/concentrations should be determined by the end user.

Antibody Name: Guinea pig polyclonal antibody to human ghrelin (24-51): Whole serum

Description: This unknown targets A synthetic peptide (GSSFLSPEHQRVQQRKESKKPPAKLQPR) corresponding to the amino acids 24-51 from human ghrelin. This peptide was conjugated to carrier protein to enhance the immunological response.

Target Organism: This antibody is known to react with sheep and human. Other species have not yet been tested

Antibody ID: AB_2492391

Vendor: Biosensis

Catalog Number: GP-032-50

Record Creation Time: 20250819T224303+0000

Record Last Update: 20250820T030456+0000

Ratings and Alerts

No rating or validation information has been found for Guinea pig polyclonal antibody to human ghrelin (24-51): Whole serum.

No alerts have been found for Guinea pig polyclonal antibody to human ghrelin (24-51): Whole serum.
