GABA antibody

RRID:AB_10722796

Type: Antibody

Proper Citation

GeneTex Cat# GTX31015, RRID:AB_10722796

Antibody Information

URL: http://antibodyregistry.org/AB_10722796

Proper Citation: GeneTex Cat# GTX31015, RRID:AB_10722796

Target Antigen: GABA antibody

Host Organism: guinea pig

Clonality: polyclonal

Comments: Discontinued; manufacturer recommendations: Immunohistochemistry; Immunocytochemistry; Immunofluorescence; Immunocytochemistry, Immunohistochemistry. We recommend the following starting dilutions: immunohistochemistry 1/100, immunofluorescence 1/1000. Optimal concentration should be determined experimentally by the end user. Without colchine pretreatment well stained cell bodies are visible in the cerebral cortex, cerebellar cortex, superior colliculus and some brainstem raphe. With colchine pretreatment, additional cell body staining is present in the interpeduncular nucleus and the dorsal column nuclei.

Antibody Name: GABA antibody

Description: This polyclonal targets GABA antibody

Target Organism: other

Antibody ID: AB_10722796

Vendor: GeneTex

Catalog Number: GTX31015

Record Creation Time: 20250820T055638+0000

Record Last Update: 20250820T225247+0000

Ratings and Alerts

No rating or validation information has been found for GABA antibody.

Warning: Discontinued at GeneTex

Discontinued; manufacturer recommendations: Immunohistochemistry; Immunocytochemistry; Immunofluorescence; Immunocytochemistry, Immunohistochemistry. We recommend the following starting dilutions: immunohistochemistry 1/100, immunofluorescence 1/1000. Optimal concentration should be determined experimentally by the end user. Without colchine pretreatment well stained cell bodies are visible in the cerebral cortex, cerebellar cortex, superior colliculus and some brainstem raphe.
