CHFR antibody

RRID:AB_369444

Type: Antibody

Proper Citation

GeneTex Cat# GTX13773, RRID:AB_369444

Antibody Information

URL: http://antibodyregistry.org/AB_369444

Proper Citation: GeneTex Cat# GTX13773, RRID:AB_369444

Target Antigen: CHFR antibody

Host Organism: goat

Clonality: polyclonal

Comments: Discontinued; manufacturer recommendations: IgG; IgG Preliminary experiments gave an approx 80kDa band in human brain lysates at 0.5ug/ml, this band was successfully blocked by incubation with the immunising peptide. Please note that currently we cannot find an explanation in the literature for the band we observe given the predicted size of approx. 72kDda according to NP_060693. We would appreciate any feedback from people in the field - have any results been reported with other antibodies/lysates? Have any further splice variants/modified forms been reported? In paraffin embedded human brain (cerebellum) shows stained Purkinje cells. Recommended concentration, 2.5µg/ml. This antibody is expected to recognise all reported isoforms. ELISA, Immunohistochemistry.; ELISA; Immunohistochemistry

Antibody Name: CHFR antibody

Description: This polyclonal targets CHFR antibody

Target Organism: rat, porcine, mouse, bovine, human

Antibody ID: AB_369444

Vendor: GeneTex

Catalog Number: GTX13773

Record Creation Time: 20250820T000351+0000

Ratings and Alerts

No rating or validation information has been found for CHFR antibody.

Warning: Discontinued at GeneTex
