pbabe-c-mycT58A+HRasG12V

RRID:Addgene_11130

Type: Plasmid

Proper Citation

RRID:Addgene_11130

Plasmid Information

URL: <http://www.addgene.org/11130>

Proper Citation: RRID:Addgene_11130

Insert Name: c-myc, HRas

Organism: Homo sapiens

Bacterial Resistance: Ampicillin

Defining Citation: [PMID:16267004](#)

Vector Backbone Description: Backbone Size:4500; Vector Backbone:pbabe; Vector Types:Mammalian Expression, Retroviral; Bacterial Resistance:Ampicillin

Comments: Contains mouse c-myc and human Hras. This plasmid was generated by cloning c-MycT58A cDNA with flanking BamHI-EcoRI restriction sites added by PCR into the same sites of the polylinker of pBABEpuro or pBABEblast and by excising the selectable marker from the HindIII/Clal sites and ligating into the same site H-RasG12V cDNA in which HindIII/Clal sites were again added by PCR.

Plasmid Name: pbabe-c-mycT58A+HRasG12V

Relevant Mutation: c-myc T58A, A156T, and G438R; and H-Ras G12V

Record Creation Time: 20220422T221542+0000

Record Last Update: 20260725T073507+0000

Ratings and Alerts

No rating or validation information has been found for pbabe-c-mycT58A+HRasG12V.

No alerts have been found for pbabe-c-mycT58A+HRasG12V.
