pKmK.I2L

RRID:Addgene_125031

Type: Plasmid

Proper Citation

RRID:Addgene_125031

Plasmid Information

URL: <http://www.addgene.org/125031>

Proper Citation: RRID:Addgene_125031

Insert Name: Left homology arm for targeting integration to chromosome V: 23743..21744

Organism: Other

Bacterial Resistance: Chloramphenicol

Defining Citation: [PMID:31134195](#)

Vector Backbone Description: Backbone Marker:Dueber lab, UC Berkeley; Backbone Size:1667; Vector Backbone:YTK001; Vector Types:Yeast Expression, Synthetic Biology; Bacterial Resistance:Chloramphenicol

Comments: Meant for the construction of integrative vectors (single- or multi-gene). Contains the appropriate YTK-compatible Golden Gate overhangs for a type 1 part. The necessary internal BsmBI sites to use this as a connector for multi-gene assembly have been added by PCR. Please note that the minor differences between the Addgene NGS results and depositor's annotated sequence do not affect the plasmid function.

Plasmid Name: pKmK.I2L

Record Creation Time: 20220422T221655+0000

Record Last Update: 20260725T073718+0000

Ratings and Alerts

No rating or validation information has been found for pKmK.I2L.
