MSCV FLIP p53

RRID:Addgene_19745

Type: Plasmid

Proper Citation

RRID:Addgene_19745

Plasmid Information

URL: <http://www.addgene.org/19745>

Proper Citation: RRID:Addgene_19745

Insert Name: oligo targeting p53

Organism: Mus musculus

Bacterial Resistance: Ampicillin

Defining Citation: [PMID:18779577](#)

Vector Backbone Description: Backbone Size:7926; Vector Backbone:MSCV FLIP; Vector Types:Mammalian Expression, Retroviral, RNAi, Cre/Lox; Bacterial Resistance:Ampicillin

Comments: Constitutively expresses puromycin-resistance and the surface molecule Thy1.1. Recombines to express GFP and miR30-based RNAi. There are minor discrepancies between the depositor's sequence and Addgene's sequencing results. The mismatches are either coding joints or a sequencing difference between the actual and the published miR30 vector sequence. See FLIP vector protocols (PDF from this page) for more information.

Plasmid Name: MSCV FLIP p53

Record Creation Time: 20220422T222047+0000

Record Last Update: 20260801T080958+0000

Ratings and Alerts

No rating or validation information has been found for MSCV FLIP p53.

No alerts have been found for MSCV FLIP p53.
