Axin2 probe

RRID:Addgene_21277

Type: Plasmid

Proper Citation

RRID:Addgene_21277

Plasmid Information

URL: <http://www.addgene.org/21277>

Proper Citation: RRID:Addgene_21277

Insert Name: Axin2

Organism: Mus musculus

Bacterial Resistance: Ampicillin

Defining Citation: [PMID:11809808](#)

Vector Backbone Description: Backbone Marker:Stratagene; Backbone Size:3000; Vector Backbone:pBluescript II KS; Vector Types:For riboprobe synthesis; Bacterial Resistance:Ampicillin

Comments: Tong DNA #94. The DNA is a HindIII fragment of mouse Axin2 (nucleotides 1-2397) in pBluescript-KS. The antisense and sense Axin2 riboprobes were made by linearizing this plasmid with NotI or SalI and transcribing with T3 or T7 RNA polymerase, respectively. List of DNAs says " ~2 kb DIII fragment of Axin2 (1-2397) in pBS-KS".

Plasmid Name: Axin2 probe

Relevant Mutation: cDNA bp 1774 to 2787

Record Creation Time: 20220422T222055+0000

Record Last Update: 20260815T081201+0000

Ratings and Alerts

No rating or validation information has been found for Axin2 probe.

No alerts have been found for Axin2 probe.
