Open Source Brain

RRID:SCR_001393

Type: Tool

Proper Citation

Open Source Brain (RRID:SCR_001393)

Resource Information

URL: <http://www.opensourcebrain.org>

Proper Citation: Open Source Brain (RRID:SCR_001393)

Description: A resource for sharing and collaboratively developing computational models of neural systems. While models can be submitted and developed in any format, the use of open standards such as NeuroML and PyNN is encouraged, to ensure transparency, modularity, accessibility and cross simulator portability. OSB will provide advanced facilities to analyze, visualize and transform models in these formats, and to connect researchers interested in models of specific neurons, brain regions and disease states. Research themes include: Basal ganglia modelling, Cerebellar Granule cell modelling, Cerebellar modelling, Hippocampal modelling, Neocortical modelling, Whole brain models. Additional themes are welcome.

Abbreviations: OSB

Synonyms: OpenSourceBrain

Resource Type: data or information resource, database, service resource, storage service resource, data repository

Keywords: model, neuroml, pynn, computational model, neural system, neuron, disease, data analysis service, visualization, 3d explorer, network, ion channel distribution, ion channel, microcircuit

Funding: Wellcome Trust

Availability: Free, Freely Available

Resource Name: Open Source Brain

Resource ID: SCR_001393

Alternate IDs: nlx_152590

License: Open unspecified license

Record Creation Time: 20220129T080207+0000

Record Last Update: 20260808T190222+0000

Ratings and Alerts

No rating or validation information has been found for Open Source Brain.

No alerts have been found for Open Source Brain.
