Proper Citation: Cold Spring Harbor Protocols: Collected Resources - Behavioral Assays
(RRID:SCR_001697)

Description: A bibliography of published Behavioral Assays by Cold Spring Harbor Protocols. Cold Spring Harbor Protocols is an interdisciplinary journal providing a definitive source of research methods in cell, developmental and molecular biology, genetics, bioinformatics, protein science, computational biology, immunology, neuroscience and imaging. Each monthly issue details multiple essential methods - a mix of cutting-edge and well-established techniques. Newly commissioned protocols and unsolicited submissions are supplemented with articles based on Cold Spring Harbor Laboratory's renowned courses and manuals. All protocols are up-to-date and presented in a consistent, easy-to-follow format.

Abbreviations: CSH Protocols - Behavioral Assays

Synonyms: Cold Spring Harbor Protocols - Behavioral Assays

Resource Type: data or information resource, bibliography

Keywords: genetics, bioinformatics, cell, computational biology, development, imaging, immunology, journal, molecular, neuroscience, protein, research, behavioral assay, behavior, ant, honeybee, learning, courtship, larvae, adult, stress, olfactory, aggression, sleep, movement, locomotor, circadian, feeding
