Proper Citation: Images from the Clendening Library (RRID:SCR_002379)

Description: Database of images from medical and natural history texts, most of which were printed before 1800. They are organized by theme: diagnostics, human body, imaging, instruments, physician-patient culture, portraits, public health, reproduction, reproduction instruments, therapeutics. The Clendening History of Medicine Library and Museum is the rare books and manuscripts library of the University of Kansas Medical Center. We actively collect rare books as well as current works in the history of medicine, nursing, and the allied professions. The Library also supports the biomedical ethics and medical humanities curriculum by collecting contemporary secondary works in these areas. Under the auspices of its Museum, the Library also owns hundreds of medical artifacts.

Abbreviations: Images from the Clendening Library

Resource Type: database, data or information resource, image collection

Keywords: biomedical, body, cultural, culture, diagnostic, history, human, humanities, imaging, instrument, medical, medicine, natural history, nursing, patient, physician, portrait, public health, reproduction, therapeutic
