TractoR: Tractography with R

RRID:SCR 002602

Type: Tool

Proper Citation

TractoR: Tractography with R (RRID:SCR_002602)

Resource Information

URL: http://www.tractor-mri.org.uk/

Proper Citation: TractoR: Tractography with R (RRID:SCR_002602)

Description: Software application that includes R packages for reading, writing and visualising magnetic resonance images stored in Analyze, NIfTI and DICOM file formats (DICOM support is read only). It also contains functions specifically designed for working with diffusion MRI and tractography, including a standard implementation of the neighbourhood tractography approach to white matter tract segmentation. A shell script is also provided to run experiments with TractoR without interacting with R.

Abbreviations: TractoR

Synonyms: Tractography with R

Resource Type: data processing software, data visualization software, software application, software resource

Keywords: analyze, atlas application, c, dicom, linux, macos, modeling, magnetic resonance, nifti, other unix-like, posix/unix-like, quantification, r, segmentation, sh, bash, statistical operation, tractography, unix shell, visualization, diffusion mri
