GATE

RRID:SCR_002756

Type: Tool

Proper Citation

GATE (RRID:SCR_002756)

Resource Information

URL: <http://yu68.github.io/GATE/>

Proper Citation: GATE (RRID:SCR_002756)

Description: Model-based, open source software analysis tool for chromatin states prediction based on time-course epigenetic marks data. It uses a combinatory Finite Mixture model nested with HMM to model the time course marks data in which each single hidden markov model describes the hidden states for a region set across different time points.

Synonyms: Genomic Annotation from Time-couse Epigenomic data, Genomic Annotation from Time-couse Epigenomic data (GATE)

Resource Type: data analysis resource

Defining Citation: [PMID:23033340](#)

Keywords: chromatin state prediction software, time course epigenetic data, bio.tools

Availability: Free, Freely available, Available for download

Resource Name: GATE

Resource ID: SCR_002756

Alternate IDs: OMICS_03065, biotools:gate

Alternate URLs: <https://github.com/yu68/GATE>, <https://bio.tools/gate>

Record Creation Time: 20220129T080215+0000

Record Last Update: 20260905T132453+0000

Ratings and Alerts

No rating or validation information has been found for GATE.

No alerts have been found for GATE.
