## New England National Primate Research Center

RRID:SCR\_002887

Type: Tool

### Proper Citation

New England National Primate Research Center (RRID:SCR\_002887)

### Resource Information

**URL:** <http://www.hms.harvard.edu/NEPRC/>

**Proper Citation:** New England National Primate Research Center (RRID:SCR\_002887)

**Description:** THIS RESOURCE IS NO LONGER IN SERVICE. Documented on May 12,2023. A U.S. Regional Primate Research Center that focuses on AIDS, cancer, neuropsychiatric disorders, drug addiction, and neurodegenerative disease. The Division of Primate Resources provides researchers with the services and facilities to support biomedical research. It offers a broad spectrum of services ranging from analysis of tissue specimens to partnership investigations with leading biomedical research institutions. Outside investigators have access to tissue specimens, organs, blood, skeletal structures, and viral specimens. Services include veterinary services, animals and animal care, surgical and radiographic services, timed mating, biocontainment, pathology services, and professional and technical expertise. Additional diagnostic and research services at NEPRC include testing for antiviral antibodies, DNA cloning, and DNA sequencing. The colony of nine species includes rhesus macaques and other Old World monkeys and New World species including the common marmoset and squirrel monkey. Other species can be obtained. Animals with exceptional characteristics (specific-pathogen-free, timed pregnancy, surgically altered, etc.) can be made available if needed. Scientists wishing to conduct research at the center must have projects reviewed and approved by the center animal allocation committee.

**Abbreviations:** NERPRC

**Resource Type:** organism supplier, biomaterial supply resource, material resource

**Keywords:** non human primate, flow cytometry, aids, behavioral, brain imaging, callithrix, macaque, parkinsons disease, herpesvirus, marmoset, monkey, neurobiology, neurodegenerative, neuropharmacology, oncogene, pathogenesis, pharmacology, primate,

rhesus, rhesus macaque, squirrel monkey, tissue, vaccine

**Related Condition:** Human immunodeficiency virus, Simian immunodeficiency virus, AIDS, Oncogenic herpesviruses, Infectious disease, Neurodegenerative disease, Cocaine abuse, Cancer, Neuropsychiatric disorder, Drug addiction, Parkinson's disease

**Funding:** NCRR P51 RR000168

**Availability:** THIS RESOURCE IS NO LONGER IN SERVICE

**Resource Name:** New England National Primate Research Center

**Resource ID:** SCR\_002887

**Alternate IDs:** nif-0000-25596

**Record Creation Time:** 20220129T080215+0000

**Record Last Update:** 20250426T055602+0000
