In-Silico PCR

RRID:SCR_003089

Type: Tool

Proper Citation

In-Silico PCR (RRID:SCR_003089)

Resource Information

URL: <http://genome.ucsc.edu/cgi-bin/hgPcr?command=start>

Proper Citation: In-Silico PCR (RRID:SCR_003089)

Description: Tool that searches a sequence database with a pair of PCR primers, using an indexing strategy for fast performance. When successful, the search returns a sequence output file in fasta format containing all sequence in the database that lie between and include the primer pair. The fasta header describes the region in the database and the primers. The fasta body is capitalized in areas where the primer sequence matches the database sequence and in lower-case elsewhere. Sources and executables to run batch jobs on your own server are available free for academic, personal, and non-profit purposes. Non-exclusive commercial licenses are also available.

Abbreviations: In-Silico PCR

Synonyms: UCSC In-Silico PCR

Resource Type: service resource, data analysis service, analysis service resource, software resource, production service resource

Keywords: pcr primer, polymerase chain reaction, primer

Availability: Free, Available for download, Freely available

Resource Name: In-Silico PCR

Resource ID: SCR_003089

Alternate IDs: OMICS_02344

Record Creation Time: 20220129T080217+0000

Record Last Update: 20260810T040341+0000

Ratings and Alerts

No rating or validation information has been found for In-Silico PCR.

No alerts have been found for In-Silico PCR.
