Proper Citation: National Center for Biomedical Ontology (RRID:SCR\_003304)

**Description:** Organization that provides biomedical researchers with online tools and a web portal enabling them to access, review, and integrate disparate ontological resources in all aspects of biomedical investigation and clinical practice. A major focus of the work involves the use of biomedical ontologies to aid in the management and analysis of data derived from complex experiments.

Abbreviations: NCBO

**Resource Type:** portal, training resource, data or information resource, organization portal, database

Defining Citation: PMID:21672956, PMID:23734708

Keywords: biomedical ontology, biomedical software tools

Funding: NHGRI U54 HG004028

Availability: Available to the research community

Resource Name: National Center for Biomedical Ontology

Resource ID: SCR\_003304

Alternate IDs: nif-0000-31891
