GigaScience

RRID:SCR_006565

Type: Tool

Proper Citation

GigaScience (RRID:SCR_006565)

Resource Information

URL: <http://www.gigasciencejournal.com/>

Proper Citation: GigaScience (RRID:SCR_006565)

Description: An online open-access open-data journal, publishing "big-data" studies from the entire spectrum of life and biomedical sciences whose publication format links standard manuscript publication with its affiliated database, GigaDB, that hosts all associated data, provides data analysis tools, cloud-computing resources, and a DOI assignment to every dataset. GigaScience covers not just "omic" type data and the fields of high-throughput biology currently serviced by large public repositories, but also the growing range of more difficult-to-access data, such as imaging, neuroscience, ecology, cohort data, systems biology and other new types of large-scale sharable data. Supporting the open-data movement, they require that all supporting data and source code be publicly available in a suitable public repository and/or under a public domain CC0 license in the BGI GigaScience database. Using the BGI cloud as a test environment, they also consider open-source software tools / methods for the analysis or handling of large-scale data. When submitting a manuscript, please contact them if you have datasets or cloud applications you would like them to host. To maximize data usability submitters are encouraged to follow best practice for metadata reporting and are given the opportunity to submit in ISA-Tab format.

Abbreviations: GigaScience

Synonyms: Giga Science

Resource Type: data or information resource, storage service resource, data repository, database, service resource, journal article

Keywords: genomics, biomedical, biological, dna, genome, biotechnology, medicine, health, digital object identifier, data sharing

Availability: The community can contribute to this resource, Creative Commons Zero License

Resource Name: GigaScience

Resource ID: SCR_006565

Alternate IDs: OMICS_01834, nlx_71355

Record Creation Time: 20220129T080236+0000

Record Last Update: 20260819T044152+0000

Ratings and Alerts

No rating or validation information has been found for GigaScience.

No alerts have been found for GigaScience.
