Proper Citation: Clinical and Translational Science Awards Consortium (RRID:SCR_008339)

Description: National consortium of medical research institutions working together to transform the local, regional, and national environment to increase the efficiency and speed of clinical and translational research across the country. Consortium members share a common vision to reduce the time it takes for laboratory discoveries to become treatments for patients, to engage communities in clinical research efforts and to train clinical and translational researchers. This consortium includes 60 medical research institutions located throughout the nation, linking them together to energize the discipline of clinical and translational science. The CTSA consortium has five Strategic Goals: * National Clinical and Translational Research Capability * The Training and Career Development of Clinical and Translational Scientists * Consortium-Wide Collaborations * The Health of our Communities and the Nation * T1 Translational Research

Abbreviations: CTSA

Synonyms: Clinical & Translational Science Awards, Clinical and Translational Science Awards

Resource Type: knowledge environment

Keywords: biomedical, clinical, community, consortium, institution, laboratory, medical, patient, research, researcher, science, translational, translational research, treatment

Funding: National Center for Advancing Translational Sciences 2U54TR000123

Resource Name: Clinical and Translational Science Awards Consortium

Resource ID: SCR_008339

Alternate IDs: nif-0000-24968

Old URLs: <http://www.ctsaweb.org/>

Record Creation Time: 20220129T080246+0000

Record Last Update: 20260829T182329+0000

Ratings and Alerts

No rating or validation information has been found for Clinical and Translational Science Awards Consortium.

No alerts have been found for Clinical and Translational Science Awards Consortium.
