Pharmacology

RRID:SCR_009017
Type: Tool

Proper Citation

Pharmacology (RRID:SCR_009017)

Resource Information

URL: http://en.wikibooks.org/wiki/Pharmacology

Proper Citation: Pharmacology (RRID:SCR_009017)

Description: Pharmacology is a wikibook covering topics within pharmacology and pharmaceutical sciences.

Synonyms: Pharmacology (wikibook)

Resource Type: data or information resource, wiki, book, narrative resource

Resource Name: Pharmacology

Resource ID: SCR_009017

Alternate IDs: nlx_152817

Record Creation Time: 20220129T080250+0000

Record Last Update: 20260811T043345+0000

Ratings and Alerts

No rating or validation information has been found for Pharmacology.

No alerts have been found for Pharmacology.

Data and Source Information

Usage and Citation Metrics

We found 146 mentions in open access literature.

Listed below are recent publications. The full list is available at NIF .

Soeiro T, et al. (2026) Psychoactive prescription drug use and misuse in patients on opioid agonist treatment. British journal of clinical pharmacology, 92(3), 869.

van der Meulen LWJ, et al. (2026) Lack of improvement after short-term topical antistaphylococcal endolysin SA.100 therapy in patients with mild-to-moderate atopic dermatitis: Results from a randomized, vehicle-controlled trial. British journal of clinical pharmacology, 92(7), 2409.

Meola TR, et al. (2026) Absolute bioavailability and intravenous pharmacokinetics of N-acetyl-D-mannosamine in humans. British journal of clinical pharmacology, 92(2), 488.

Thomas O, et al. (2026) GLP-1 agonist-associated presentations to unscheduled care: An opportunistic pilot study. British journal of clinical pharmacology, 92(1), 312.

Schneider H, et al. (2026) Maximal use of 0.05% topical isotretinoin in patients with congenital ichthyosis results in low systemic exposure. British journal of clinical pharmacology, 92(4), 1256.

Sarömba JA, et al. (2025) Solanidine-derived CYP2D6 phenotyping elucidates phenoconversion in multimedicated geriatric patients. British journal of clinical pharmacology, 91(6), 1842.

Yeung SA, et al. (2025) The pharmacokinetics of brensocatib in participants with renal impairment following a single oral administration. British journal of clinical pharmacology, 91(4), 1191.

Luo R, et al. (2025) Oral paltusotine, a nonpeptide selective somatostatin receptor 2 agonist: Mass balance, absolute bioavailability and metabolism in healthy participants. British journal of clinical pharmacology, 91(7), 2070.

Bouazza N, et al. (2025) Population pharmacokinetic modelling of prednisolone in systemic lupus erythematosus patients: Analysis of exposure and disease activity. British journal of clinical pharmacology, 91(10), 2854.

Yao T, et al. (2025) Assessment of ethnic differences in pharmacokinetics and clinical responses of acalabrutinib between Chinese and White patients with B-cell malignancies. British journal of clinical pharmacology, 91(7), 2008.

Bhattacharya CS, et al. (2025) The effect of severe renal impairment on the pharmacokinetics, safety and tolerability of balcinrenone. British journal of clinical pharmacology, 91(7), 1937.

Ogasawara A, et al. (2025) Physiologically based pharmacokinetic modelling to predict potential drug-drug interactions of dersimelagon (MT-7117). British journal of clinical pharmacology, 91(2), 451.

Wang Y, et al. (2025) Safety, tolerability, pharmacokinetics and pharmacodynamics of HSK31858, a novel oral dipeptidyl peptidase-1 inhibitor, in healthy volunteers: An

integrated phase 1, randomized, double-blind, placebo-controlled, single- and multiple-ascending dose study. British journal of clinical pharmacology, 91(8), 2262.

Kew BM, et al. (2025) Investigation of a broad-spectrum micronutrient formulation as a possible precipitant of pharmacokinetic micronutrient-drug interactions. British journal of clinical pharmacology, 91(7), 1987.

Érszegi A, et al. (2024) Not first-line antihypertensive agents, but still effective-The efficacy and safety of imidazoline receptor agonists: A network meta-analysis. Pharmacology research & perspectives, 12(3), e1215.

Yoshijima C, et al. (2024) Evaluation of intra- and inter-individual variations in plasma belimumab concentrations in adult patients with systemic lupus erythematosus. Pharmacology research & perspectives, 12(4), e1255.

Iversen DB, et al. (2024) Dicloxacillin is an inducer of intestinal P-glycoprotein but neither dicloxacillin nor flucloxacillin increases the risk of stroke/systemic embolism in direct oral anticoagulant users. British journal of clinical pharmacology, 90(12), 3252.

Xu D, et al. (2024) Pharmacokinetics, disposition, and biotransformation of the cardiac myosin inhibitor aficamten in humans. Pharmacology research & perspectives, 12(5), e70006.

Richardson JC, et al. (2024) The hydroxycarboxylic acid receptor HCA2 is required for the protective effect of ketogenic diet in epilepsy. Pharmacology research & perspectives, 12(6), e70026.

Dong Z, et al. (2024) Pharmacokinetics and pharmacodynamics of the factor XIa-inhibiting antibody osocimab in healthy male East Asian volunteers: Results from two phase 1 studies. Pharmacology research & perspectives, 12(5), e70012.
