Genetic Resources Core Facility

RRID:SCR_010581

Type: Tool

Proper Citation

Genetic Resources Core Facility (RRID:SCR_010581)

Resource Information

URL: <http://grcf.med.jhu.edu>

Proper Citation: Genetic Resources Core Facility (RRID:SCR_010581)

Description: Makes DNA sequencing services, Real Time PCR access and custom DNA products available to scientists. It provides automated fluorescent sequencing and oligonucleotides to the Hopkins Community. Using the JHU Finch Server facility staff capture orders, to distribute and store data indefinitely. Data produced using the Applied Biosystems 3730xl DNA Analyzer is then made available for download, for online or offline viewing, and for editing through the conveniences of the web-based JHU Finch Server. The facility also offers oligonucleotides through Sigma-Genosys.

Synonyms: Core DNA Analysis Facility

Resource Type: analysis service resource, biomaterial analysis service, material analysis service, production service resource, service resource

Resource Name: Genetic Resources Core Facility

Resource ID: SCR_010581

Alternate IDs: nlx_43888

Old URLs: <http://www.daf.jhmi.edu/index.html>

Record Creation Time: 20220129T080259+0000

Record Last Update: 20260829T182759+0000

Ratings and Alerts

No rating or validation information has been found for Genetic Resources Core Facility.

No alerts have been found for Genetic Resources Core Facility.
