Proper Citation: Vector BioLabs (RRID:SCR_011010)

Description: Biotechnology company focused on developing gene delivery products, by using its proprietary technologies. Specializes in custom viral vector manufacturing, focusing on Adeno-Associated Viruses (AAV), Adenoviruses, and Lentiviruses. Provides essential gene delivery tools and services to accelerate biomedical research, gene therapy development, and disease modeling.

Resource Type: commercial organization, service resource

Keywords: gene delivery products and services, recombinant adenoviruses, adeno-associated virus (AAV), lentivirus

Resource Name: Vector BioLabs

Resource ID: SCR_011010
