Proper Citation: BioSeek (RRID:SCR_012224)

Description: BioSeek is a drug discovery services company that applies human primary cell assays and predictive disease models to the discovery and development of human therapeutics and safer chemicals. BioSeek improves the success rate of drug discovery and development by integrating human biology from the earliest stages of drug discovery onward through its unique BioMAP?????? platform. Our mission is to accelerate drug compound validation and enable our clients to take safer and more effective products into the market.

Abbreviations: BioSeek

Resource Type: service resource, core facility, commercial organization, access service resource

Funding:

Resource Name: BioSeek

Resource ID: SCR_012224

Alternate IDs: SciEx_10852

Record Creation Time: 20220129T080309+0000

Record Last Update: 20250503T060312+0000

Ratings and Alerts

No rating or validation information has been found for BioSeek.

No alerts have been found for BioSeek.
