Biomphalaria glabrata Genomic Initiative

RRID:SCR_012872

Type: Tool

Proper Citation

Biomphalaria glabrata Genomic Initiative (RRID:SCR_012872)

Resource Information

URL: <http://biology.unm.edu/biomphalaria-genome/>

Proper Citation: Biomphalaria glabrata Genomic Initiative (RRID:SCR_012872)

Description: An international consortium has successfully pursued the development of an internationally supported a molluscan genome project, one that is focused mainly on the freshwater gastropod *Biomphalaria glabrata*. This site provides information on design, management and progress of this initiative. Currently, the consortium encourages investigators to pursue external funding available at the national level, towards hypothesis-driven research projects that include a gene discovery component. Individual research groups may combine efforts in national and international settings to apply for large scale resources such as funding for exchange of information and investigators, production of BAC libraries, and sequencing capacity. The sequences generated as part of the consortium effort will be released to public databases in a timely fashion Data: - NCBI databases : 55767 nucleotide (54309 ESTs)/1 genome/650 protein entries. - Genome Project 12879: 265,481 records (WGS/EST/454/BES) in the trace archives. - Short Read Archive (SRA): 454 data projects: 23Gbases gDNA. Sponsors: This resource is supported by the University of New Mexico. Keywords: Gastropod, *Biomphalaria glabrata*, Genomic, Data, Nucleotide, Genome,

Synonyms: Bg Initiative

Resource Type: data or information resource, disease-related portal, portal, research forum portal, topical portal

Resource Name: Biomphalaria glabrata Genomic Initiative

Resource ID: SCR_012872

Alternate IDs: nif-0000-30167

Record Creation Time: 20220129T080312+0000

Record Last Update: 20260821T194003+0000

Ratings and Alerts

No rating or validation information has been found for *Biomphalaria glabrata* Genomic Initiative.

No alerts have been found for *Biomphalaria glabrata* Genomic Initiative.
