GeneSnap

RRID:SCR_014249

Type: Tool

Proper Citation

GeneSnap (RRID:SCR_014249)

Resource Information

URL: <http://www.syngene.com/genesnap>

Proper Citation: GeneSnap (RRID:SCR_014249)

Description: A software program used to control G:BOX hardware, specifically to capture and process images. While viewing images in real time, GeneSnap controls the illumination and exposure length of the lens, as well as the focussing, zooming and iris setting of a motorized lens.

Resource Type: software application, workflow software, software resource, image processing software, data processing software

Keywords: workflow software, image processing software, lens setting

Availability: Available for download

Resource Name: GeneSnap

Resource ID: SCR_014249
