Proper Citation: Online Application for Survival Analysis (OASIS) (RRID:SCR_014450)

Description: A tool for various statistical tasks involved in analyzing survival data which provides a uniform platform to facilitate efficient statistical analyses of survival data in the aging field. The statistical features of OASIS include the calculation of Kaplan-Meier estimates, mean/median lifespan, mortality rate, Mantel-Cox Log-Rank test, Fishers exact test, weighted Log-Rank test, Kolmogorov-Smirnov test and Neymans smooth test. Moreover, OASIS generates survival and mortality curves that can be easily exported and modified by using common graphic softwares.

Abbreviations: OASIS

Synonyms: Online Application for Survival Analysis

Resource Type: web application, software resource

Defining Citation: [PMID:21858155](#)

Keywords: statistical analysis system, web application, survival data, data analysis, aging

Funding: POSTECH BRI Grant ;
National Core Research Center for Systems Bio-Dynamics 20090091509;
World Class University program R31-2010-000-10100-0

Availability: Source code is available, Acknowledgement required, Python must be installed

Resource Name: Online Application for Survival Analysis (OASIS)

Resource ID: SCR_014450

Record Creation Time: 20220129T080320+0000

Ratings and Alerts

No rating or validation information has been found for Online Application for Survival Analysis (OASIS).

No alerts have been found for Online Application for Survival Analysis (OASIS).
