National Plant Germplasm System (NPGS)

RRID:SCR_016785

Type: Tool

Proper Citation

National Plant Germplasm System (NPGS) (RRID:SCR_016785)

Resource Information

URL: <https://www.ars-grin.gov/npgs/>

Proper Citation: National Plant Germplasm System (NPGS) (RRID:SCR_016785)

Description: Cooperative effort by U.S. state and federal government and private organizations to preserve the genetic diversity of plants. The NPGS aids scientists and the need for genetic diversity by acquiring, preserving, evaluating, documenting and distributing crop germplasm. The NPGS is managed by the Agricultural Research Service (ARS), the in-house research agency of the United States Department of Agriculture (USDA). Funding for the NPGS comes primarily through appropriations from the U.S. Congress.

Abbreviations: NPGS

Synonyms: National Plant Germplasm System, NPGS

Resource Type: data or information resource, organization portal, portal

Keywords: preserve, genetic, diversity, plant, germplasm, agriculture

Funding: U.S. Congress

Resource Name: National Plant Germplasm System (NPGS)

Resource ID: SCR_016785

Record Creation Time: 20220129T080332+0000

Record Last Update: 20260912T200104+0000

Ratings and Alerts

No rating or validation information has been found for National Plant Germplasm System (NPGS).

No alerts have been found for National Plant Germplasm System (NPGS).
