Proper Citation: Nevada University at Reno Nevada Bioinformatics Center Core Facility (RRID:SCR_017802)

Description: Provides bioinformatics research resources, services and training in support of existing research programs and in development of new programs and grant applications. Provides next-generation sequencing data analysis including RNA-Seq and QuantSeq analysis, de novo transcriptome assembly, whole-genome sequencing, genome resequencing, single-cell sequencing, metagenomics, microbiome, mass spectrometry proteomic analysis of label-free (DIA) and TMT data, analysis of metabolomics, microbiome, multi-omics data, data mining, modeling, and visualization. Provides customized bioinformatics and statistical services including data quality control, power studies, hypothesis tests, regression, clustering, network analysis, function annotation, pathway analysis including iPathwayGuide.

Synonyms: Nevada Center for Bioinformatics, Nevada Bioinformatics Center

Resource Type: core facility, service resource, access service resource

Keywords: Omics, Data Science, ML

Funding:

Availability: Open

Resource Name: Nevada University at Reno Nevada Bioinformatics Center Core Facility

Resource ID: SCR_017802

Alternate IDs: ABRF_462

Alternate URLs: <https://coremarketplace.org/?FacilityID=462&citation=1>

Record Creation Time: 20220129T080337+0000

Record Last Update: 20250508T065805+0000

Ratings and Alerts

No rating or validation information has been found for Nevada University at Reno Nevada Bioinformatics Center Core Facility.

No alerts have been found for Nevada University at Reno Nevada Bioinformatics Center Core Facility.
