Proper Citation: astroML (RRID:SCR_018138)

Description: Software Python package for machine learning, statistics and data mining. Contains library of statistical and machine learning routines for analyzing astronomical data in Python, loaders for several open astronomical data sets, and examples of analyzing and visualizing astronomical data sets. Repository of common tools and routines used for statistical data analysis in astronomy and astrophysics.

Resource Type: data analysis software, data or information resource, data processing software, data set, data visualization software, software application, software resource, software toolkit

Defining Citation: [DOI:10.1109/CIDU.2012.6382200](https://doi.org/10.1109/CIDU.2012.6382200)

Keywords: Machine learning, statistics, data mining, data, astronomy, astrophysics, data analysis

Availability: Free, Available for download, Freely available

Resource Name: astroML

Resource ID: SCR_018138

Alternate URLs: <https://github.com/astroML/astroML/blob/master/doc/index.rst>
