Vanderbilt University Genome Editing Resource Core Facility

RRID:SCR_018826

Type: Tool

Proper Citation

Vanderbilt University Genome Editing Resource Core Facility (RRID:SCR_018826)

Resource Information

URL: <https://labnodes.vanderbilt.edu/vger>

Proper Citation: Vanderbilt University Genome Editing Resource Core Facility (RRID:SCR_018826)

Description: Provides services, consultation, and collaborations to enable generation, storage and regeneration of genetically altered mice. Services include CRISPR-Cas9 Mouse Editing, Pronuclear Microinjection of DNAs, Sperm or Embryo Cryopreservation, In vitro Fertilization and Rederivation, Genome-Editing Design and Analysis Services.

Abbreviations: VGER

Synonyms: Vanderbilt University Genome Editing Resource, Transgenic Mouse ESC Shared Resource, Vanderbilt Genome Editing Resource

Resource Type: core facility, access service resource, service resource

Keywords: USEdit, genetically altered mice, CRISPR-Cas9 mouse editing, Pronuclear Microinjection of DNAs, Embryo Cryopreservation, Genome Editing Design, sperm Cryopreservation, In vitro Fertilization, , ABRF, ABRF

Availability: Open

Resource Name: Vanderbilt University Genome Editing Resource Core Facility

Resource ID: SCR_018826

Alternate IDs: ABRF_773

Alternate URLs: <https://coremarketplace.org/?FacilityID=773>

Record Creation Time: 20220129T080342+0000

Ratings and Alerts

No rating or validation information has been found for Vanderbilt University Genome Editing Resource Core Facility.

No alerts have been found for Vanderbilt University Genome Editing Resource Core Facility.
