Proper Citation: University of Freiburg Life Imaging Center Core Facility

(RRID:SCR_020968)

Description: Central core facility open to members of all faculties and the university clinic. Consists of 14 rooms in the Center for Integrative Signalling Analysis with 9 microscopy rooms with 20 microscope set-ups (3D-STED, confocal FLIM, two 2-photon confocal microscopes, 4 conventional confocal microscopes, lightsheet microscope, 4 high-end widefield ratio-imaging set-ups, 4 fluorescence stereo microscopes, 3 special set-ups for screening. LIC microscopes are hosted in Biosafety level S2 and S1 environments, connected to a large wet lab area and a cell culture room, both Biosafety level S2 classified. Additionally, the LIC offers a large computer lab with 12 high-end workstations for image processing and analysis. The LIC also covers two additional rooms, hosting 3 LSM systems in a neighboring building of the Signalling Campus Freiburg (SCF).
