University of Ottawa Bioinformatics Core Facility

RRID:SCR_022466

Type: Tool

Proper Citation

University of Ottawa Bioinformatics Core Facility (RRID:SCR_022466)

Resource Information

URL: <http://www.ohri.ca/bioinformatics>

Proper Citation: University of Ottawa Bioinformatics Core Facility (RRID:SCR_022466)

Description: Core of University of Ottawa and Ottawa Hospital Research Institute. Provides advice on bioinformatics research design, conduct bioinformatics analysis, and provide support for grant proposals that involve bioinformatics (including conducting pilot studies, support/collaboration letters and methodological text). Areas of expertise include: Analysis of high throughput sequencing data; single cell (Chromium 10x), RNA-seq (including small RNA), ChIP-seq, ATAC-seq, Hi-C. Large scale analysis integrating multiple data types. Helps to arrange for analysis of your biological samples with local core facilities such as StemCore, Proteomics Resource Center, or OHRI Mass Spectrometry Core Facility. Provides yearly training courses in RNA-seq analysis and Bioinformatics analysis using R as well as individual training and analysis support on request.

Synonyms: uOttawa - Bioinformatics Core Facility, Ottawa Bioinformatics Core Facility

Resource Type: core facility, service resource, access service resource

Keywords: USEDit, ABRF

Availability: open

Resource Name: University of Ottawa Bioinformatics Core Facility

Resource ID: SCR_022466

Alternate IDs: ABRF_1356

Alternate URLs: <https://coremarketplace.org/?FacilityID=1356&citation=1>

Record Creation Time: 20220603T050143+0000

Record Last Update: 20260810T040823+0000

Ratings and Alerts

No rating or validation information has been found for University of Ottawa Bioinformatics Core Facility.

No alerts have been found for University of Ottawa Bioinformatics Core Facility.
