## University of Virginia School of Medicine Radiochemistry Core Facility

RRID:SCR\_025471

Type: Tool

### Proper Citation

University of Virginia School of Medicine Radiochemistry Core Facility  
(RRID:SCR\_025471)

### Resource Information

**URL:** <https://med.virginia.edu/radiochemistry-core/>

**Proper Citation:** University of Virginia School of Medicine Radiochemistry Core Facility  
(RRID:SCR\_025471)

**Description:** Provides access to high-quality novel and existing radiopharmaceuticals (radiolabeled small molecules, peptides, proteins, and antibodies), that can be imaged by Positron Emission Tomography (PET) method, to meet their preclinical and clinical needs. Radiochemistry core is Good Manufacturing Practices (cGMP) certified facility as required by the U.S. Pharmacopeia Chapter 823 and 21CFR part 212 and is BSL-2 certified facility to conduct research.

**Abbreviations:** UVARCF

**Synonyms:** , University of Virginia School of Medicine Radiochemistry Core, UVA School of Medicine Radiochemistry Core

**Resource Type:** core facility, access service resource, service resource

**Keywords:** Good Manufacturing Practices, radiopharmaceuticals, radiolabeled small molecules, peptides, proteins, antibodies, Positron Emission Tomography imaging,

**Resource Name:** University of Virginia School of Medicine Radiochemistry Core Facility

**Resource ID:** SCR\_025471

**Alternate IDs:** ABRF\_2824

**Alternate URLs:** <https://coremarketplace.org/?FacilityID=2824&citation=1>

**Record Creation Time:** 20240712T053246+0000

## Ratings and Alerts

No rating or validation information has been found for University of Virginia School of Medicine Radiochemistry Core Facility.

No alerts have been found for University of Virginia School of Medicine Radiochemistry Core Facility.
