Memorial Sloan Kettering Cancer Center Proteomics and Metabolomics Core Facility

RRID:SCR_027811

Type: Tool

Proper Citation

Memorial Sloan Kettering Cancer Center Proteomics and Metabolomics Core Facility
(RRID:SCR_027811)

Resource Information

URL: <https://www.mskcc.org/research/ski/core-facilities/proteomics-metabolomics-core>

Proper Citation: Memorial Sloan Kettering Cancer Center Proteomics and Metabolomics Core Facility (RRID:SCR_027811)

Description: Core provides mass spectrometric sequencing and quantitation of peptides and proteins to support basic, translational, and clinical research programs at MSK. Utilizes modern high-resolution mass spectrometry and nanoscale liquid chromatography in conjunction with biochemical processing of samples with the end goal of determining the identity, relative abundance, and presence of post translational modifications from purified components, cell lysates, tissues, and select fluid such as cerebral spinal fluid. Advice is provided by the Core staff to facilitate the design, execution, and analysis of experiments.

Resource Type: core facility, access service resource, service resource

Keywords: ABRF, mass spectrometric sequencing, quantitation of peptides and protein, mass spectrometry, nanoscale liquid chromatography,

Resource Name: Memorial Sloan Kettering Cancer Center Proteomics and Metabolomics Core Facility

Resource ID: SCR_027811

Alternate IDs: ABRF_5712

Alternate URLs: https://coremarketplace.org/RRID:SCR_027811/?citation=1

Record Creation Time: 20251217T062442+0000

Record Last Update: 20260811T043832+0000

Ratings and Alerts

No rating or validation information has been found for Memorial Sloan Kettering Cancer Center Proteomics and Metabolomics Core Facility.

No alerts have been found for Memorial Sloan Kettering Cancer Center Proteomics and Metabolomics Core Facility.
