University of Oklahoma Biomolecular Structure Core Facility

RRID:SCR_028074

Type: Tool

Proper Citation

University of Oklahoma Biomolecular Structure Core Facility (RRID:SCR_028074)

Resource Information

URL: <https://www.ou.edu/structuralbiology/cobre-core-facilities/mcl>

Proper Citation: University of Oklahoma Biomolecular Structure Core Facility (RRID:SCR_028074)

Description: Offers access to instrumentation, training and services for structure determination of macromolecular molecules using single crystal X-ray diffraction and/or cryo-EM Single Particle Analysis (SPA). Instrumentation is available for initial crystallization trials, optimization of crystallization, single crystal X-ray diffraction and data collection at synchrotron radiation facilities, as well as electron microscopy grid preparation for cryo-EM (SPA), screening and data collection using a Thermo Scientific Tundra Cryo-TEM and assistance for data collection at national laboratories.

Resource Type: access service resource, core facility, service resource

Keywords: ABRF, structure determination, macromolecular molecules, single crystal X-ray diffraction, cryo-EM Single Particle Analysis,

Funding: NIH P20GM103640;
NIH P30GM145423;
NSF 0922269

Resource Name: University of Oklahoma Biomolecular Structure Core Facility

Resource ID: SCR_028074

Alternate IDs: ABRF_5821
