Proper Citation: FAMU Flow cytometry laboratory (RRID:SCR_000877)

Description: A laboratory equipped with laser-based flow cytometric instruments, the main one being the Becton Dickinson two-laser FACScalibur analyzer. This facility provides a resource for analytical and preparative studies of cells using flow cytometry to the FAMU biomedical researchers. This facility offers FACS acquisition and analysis for detecting cell surface or intracellular proteins, measuring apoptosis, cell cycle, cellular physiology that have both biomedical and clinical applications.

Synonyms: Flow Cytometry facility at Florida A&M University

Resource Type: material resource, instrument supplier

Funding:

Resource Name: FAMU Flow cytometry laboratory

Resource ID: SCR_000877

Alternate IDs: nlx_156248
