PLINK

RRID:SCR_001757

Type: Tool

Proper Citation

PLINK (RRID:SCR_001757)

Resource Information

URL: <http://www.nitrc.org/projects/plink>

Proper Citation: PLINK (RRID:SCR_001757)

Description: Open source whole genome association analysis toolset, designed to perform range of basic, large scale analyses in computationally efficient manner. Used for analysis of genotype/phenotype data. Through integration with gPLINK and Haploview, there is some support for subsequent visualization, annotation and storage of results. PLINK 1.9 is improved and second generation of the software.

Synonyms: PLINK 1.9, PLINK/SEQ, plink - Whole genome association analysis toolset

Resource Type: data analysis software, data processing software, software application, software resource, software toolkit

Defining Citation: [PMID:17701901](#), [DOI:10.1086/519795](#)

Keywords: gene, genetic, genomic, genotype, phenotype, copy number variant, whole-genome association, population, linkage analysis, whole-genome association study, data management, summary statistics, population stratification, association analysis, identity-by-descent estimation

Availability: Free, Available for download, Freely Available

Resource Name: PLINK

Resource ID: SCR_001757

Alternate IDs: nlx_154200, OMICS_00206, SCR_021271

Alternate URLs: <https://zzz.bwh.harvard.edu/plink/>, https://www.cog-genomics.org/plink/1.9/general_usage#cite, <https://sources.debian.org/src/plink/>

Old URLs: <http://pngu.mgh.harvard.edu/~purcell/plink/>

Record Creation Time: 20220129T080209+0000

Record Last Update: 20260821T193629+0000

Ratings and Alerts

No rating or validation information has been found for PLINK.

Warning: Warning: PCA results may be sensitive to the sample size, population composition, and the number of columns, in which case the results will not be reliable, robust, nor replicable and should not be used to draw conclusions.
