Shiley-Marcos Alzheimer's Disease Research Center (RRID:SCR_001928)

Resource Information

URL: <http://adrc.ucsd.edu/>

Proper Citation: Shiley-Marcos Alzheimer's Disease Research Center (RRID:SCR_001928)

Description: The UCSD ADRC conducts a wide variety of research studies dedicated to understanding the causes, clinical features, and treatments for Alzheimer's disease and related memory disorders. The goal of the center is to discover ways to prevent and eradicate the disease. The Center aims to maintain research subjects, clinical resources, and clinical data to support ongoing and proposed research and to assist in the development of new clinical and interdisciplinary research. An Alzheimer's brain bank with well characterized cases, including Mild Cognitive Impairment and Lewy Body disease, is maintained at the Center.

Abbreviations: UCSD ADRC

Synonyms: University of California at San Diego Shiley-Marcos Alzheimer's Disease Research Center

Resource Type: topical portal, portal, data or information resource, organization portal, disease-related portal

Keywords: alzheimer's disease, brain, cognitive, dementia, disease, disorder, impairment, lewy body disease, memory, neurological, neuropathologist, neuropsychological

Related Condition: Alzheimer's disease, Lewy Body disease, Memory disorder

Availability: Public

Resource Name: Shiley-Marcos Alzheimer's Disease Research Center

Resource ID: SCR_001928

Alternate IDs: nif-0000-10501

Record Creation Time: 20220129T080210+0000

Record Last Update: 20260821T042532+0000
