Proper Citation: American Society of Radiologic Technologists (RRID:SCR_001984)

Description: Society of Radiologic Technologists to advance the medical imaging and radiation therapy profession and to enhance the quality of patient care, leading and serving its members, the profession, other health care providers and the public on all issues that affect the radiologic sciences. The mission of the ASRT is to foster the professional growth of radiologic technologists by expanding knowledge through education, research and analysis; promoting exceptional leadership and service; and developing the radiologic technology community through shared ethics and values. This portal offers information on Continuing Education opportunities, and has a variety of other resources including a marketplace, news, publications, events and conferences, career center, studies and surveys, professional resources, and much more. Scholarly Journals Members can earn CE credit through the Directed Readings program in the ASRT journals, Radiologic Technology and Radiation Therapist. By maintaining continuous membership, members can earn at least 12 Category A CE credits. Answer sheets for Directed Reading Quizzes can be completed on our Web site or mailed to the ASRT for grading. You will receive pass or fail notification immediately on the Web site or ASRT will notify you within 30 days if your completed quiz is mailed. A passing grade of 75 percent or better is required to receive the assigned Category A credit.

Abbreviations: ASRT

Resource Type: community building portal, data or information resource, job resource, portal, training resource

Keywords: health care, human, radiologic, radiologic sciences, technologist, radiologic technologist, medical imaging, radiation therapy, patient care

Resource Name: American Society of Radiologic Technologists

Resource ID: SCR_001984

Alternate IDs: nif-0000-10661

Record Creation Time: 20220129T080210+0000

Record Last Update: 20260903T234504+0000

Ratings and Alerts

No rating or validation information has been found for American Society of Radiologic Technologists.

No alerts have been found for American Society of Radiologic Technologists.
