Proper Citation: SCIRun (RRID:SCR\_002541)

**Description:** A Problem Solving Environment (PSE) for modeling, simulation and visualization of scientific problems. SCIRun now includes the biomedical components formally released as BioPSE, as well as BioMesh3D. BioMesh3D is a free, easy to use program for generating quality meshes for the use in biological simulations. The most recent stable release is version 4.6.

Abbreviations: SCIRun

**Resource Type:** software toolkit, software resource, data processing software, simulation software, data visualization software, software application

Keywords: modeling, simulation, visualization

Funding: NCRR 5P41RR012553-15; NIGMS 8 P41 GM103545-15
