RopeBWT2

RRID:SCR_002673

Type: Tool

Proper Citation

RopeBWT2 (RRID:SCR_002673)

Resource Information

URL: <https://github.com/lh3/ropebwt2>

Proper Citation: RopeBWT2 (RRID:SCR_002673)

Description: A software tool for constructing the FM-index for a collection of DNA sequences. It works by incrementally inserting one or multiple sequences into an existing pseudo-BWT position by position, starting from the end of the sequences. This algorithm can be largely considered a mixture of BCR and dynamic FM-index. Nonetheless, ropeBWT2 is unique in that it may implicitly sort the input into reverse lexicographical order (RLO) or reverse-complement lexicographical order (RCLO) while building the index.

Resource Type: software resource

Defining Citation: [PMID:25107872](#)

Keywords: standalone software, bio.tools

Availability: Free, Available for download, Freely available

Resource Name: RopeBWT2

Resource ID: SCR_002673

Alternate IDs: biotools:ropebwt2, OMICS_05300

Alternate URLs: <https://bio.tools/ropebwt2>

License: MIT License

Record Creation Time: 20220129T080214+0000

Record Last Update: 20260815T182217+0000

Ratings and Alerts

No rating or validation information has been found for RopeBWT2.

No alerts have been found for RopeBWT2.
