## Primate Resource Referral Service

RRID:SCR\_002828

Type: Tool

### Proper Citation

Primate Resource Referral Service (RRID:SCR\_002828)

### Resource Information

**URL:** <http://prrs.wanprc.org/>

**Proper Citation:** Primate Resource Referral Service (RRID:SCR\_002828)

**Description:** It provides the communications/database network needed for efficient acquisition and sharing of existing captive primates and primate-related resources by investigators and institutions both nationally and internationally. The overall goal of this service is to maximize the use of existing captive primates, thereby reducing the total number of primates needed for research, and in turn, helping to promote the conservation of primate populations in the wild. Services Provided PRRS services include 1) Referral Service, an immediate, staff-operated service designed to match investigator inquiries/requests to the available resource listings maintained in the PRRS master database; 2) CURRENT LISTINGS, a twice-monthly newsletter listing current availability of, as well as needs for, primates, tissues, equipment, and services; 3) ANNUAL RESOURCE GUIDE (ARG), an annual publication that lists subscribing suppliers of primates, laboratories, equipment, and commercial services such as transportation and quarantine facilities; and 4) Web site, an interactive site that includes the full text of CURRENT LISTINGS as well as online forms for posting resource availabilities/needs and listing updates, the current ARG, a diagram of primate taxonomy with illustrative photographs, online renewal and feedback forms, general service information, and links to other sites of interest to the primate research community. The PRRS also maintains a database of colonies, primates, and primate materials to which notices of availability and need can be referred. Services are available without charge to government-supported researchers and other scientists in the United States and abroad using primates in their work. Sponsors: The PRRS is made possible by grant RR-01240 from the National Center for Research Resources, National Institutes of Health.

**Abbreviations:** PRRS

**Synonyms:** Primate Resource Referral Service

**Resource Type:** production service resource, material service resource, service resource, database, data or information resource

**Keywords:** equipment, colony, communication, institution, investigator, network, primate, research, tissue

**Funding:**

**Resource Name:** Primate Resource Referral Service

**Resource ID:** SCR\_002828

**Alternate IDs:** nif-0000-24969

**Old URLs:** <http://www.wanprc.org/prrs/>

**Record Creation Time:** 20220129T080215+0000

**Record Last Update:** 20250407T215334+0000
