Proper Citation: National Academies Press (RRID:SCR_002844)

Description: The National Academies Press (NAP) was created by the National Academies to publish the reports issued by the National Academy of Sciences, the National Academy of Engineering, the Institute of Medicine, and the National Research Council, all operating under a charter granted by the Congress of the United States. The NAP publishes more than 200 books a year on a wide range of topics in science, engineering, and health, capturing the most authoritative views on important issues in science and health policy. The institutions represented by the NAP are unique in that they attract the nation's leading experts in every field to serve on their award-winning panels and committees. This is the right place for definitive information on everything from space science to animal nutrition. Many books can be read on-line for free. NAP also offers many titles in electronic Adobe PDF format. Hundreds of these books can be downloaded for free by the chapter or the entire book, while others are available for purchase. Sponsors: This resource is supported by The National Academies.

Synonyms: NAP

Resource Type: institution

Keywords: engineering, academy, animal, medicine, national, nutrition, research, science

Availability: Free, Freely available

Resource Name: National Academies Press

Resource ID: SCR_002844

Alternate IDs: ISNI: 0000 0004 0466 615X, Wikidata: Q6970107, grid.431670.7, nif-0000-25219

Alternate URLs: https://ror.org/02a6ztn45

Record Creation Time: 20220129T080215+0000

Record Last Update: 20260829T182115+0000

Ratings and Alerts
