GENO3D

RRID:SCR_003183

Type: Tool

Proper Citation

GENO3D (RRID:SCR_003183)

Resource Information

URL: <http://geno3d-pbil.ibcp.fr>

Proper Citation: GENO3D (RRID:SCR_003183)

Description: An automatic web server for protein molecular modelling. Starting with a query protein sequence, the server performs the homology modelling in six successive steps: (i) identify homologous proteins with known 3D structures by using PSI-BLAST; (ii) provide the user all potential templates through a very convenient user interface for target selection; (iii) perform the alignment of both query and subject sequences; (iv) extract geometrical restraints (dihedral angles and distances) for corresponding atoms between the query and the template; (v) perform the 3D construction of the protein by using a distance geometry approach and (vi) finally send the results by e-mail to the user. The strategy used in Geno3D is comparative protein structure modelling by spatial restraints (distances and dihedral) satisfaction.

Abbreviations: GENO3D

Resource Type: data analysis service, production service resource, analysis service resource, service resource

Defining Citation: [PMID:11836238](#)

Keywords: protein, molecular modeling, 3d model, homology, comparative protein structure modelling

Funding: Ministere de la recherche ;
Programme Bioinformatique inter-EPST ;
CNRS ;
IMABIO ;
COMI ;
GENOME ;
Region Rhone-Alpes

Availability: Free, Freely available

Resource Name: GENO3D

Resource ID: SCR_003183

Alternate IDs: nif-0000-30608

Record Creation Time: 20220129T080217+0000

Record Last Update: 20260807T042549+0000

Ratings and Alerts

No rating or validation information has been found for GENO3D.

No alerts have been found for GENO3D.
