**Proper Citation:** University of Toledo Health Sciences Campus; Neurosciences (RRID:SCR\_003466)

**Description:** The Department of Neurosciences is highly committed to advancing the state of knowledge of nervous system structure and function through a tripartite mission of innovative research, state-of-the-art teaching methods, and dedicated service to the broader academic and surrounding communities. The teaching mission of our Department effectively communicates the current state of knowledge in neuroscience to the medical, graduate, and post-graduate students of the University using innovative methods. We are nationally known for using the most current technologies to teach human anatomy, embryology, and neurobiology to medical and graduate students. We teach critical thinking and problem solving skills and also provide opportunities for the students to excel in the laboratory and develop as life-long learners. Faculty participate in our Neurosciences and Neurological Disorders (NND) training track which awards both Ph.D. and M.S. degrees. We also train students towards the M.D./Ph.D and M.D./ M.S.B.S. joint degrees. Our research mission incorporates molecular, cellular, and systems neuroscience and cuts across the boundaries of traditional departments and disciplines. Our funded research in neurodevelopment, neurodegeneration, regeneration and repair, sensory function, and drug abuse comprise just a few of our interests. We employ cutting edge technologies and focus on the solution of fundamentally important problems pertinent to nervous system diseases and processes that can be translated feasibly to clinical issues. We work towards a synergistic interaction between the clinical and basic sciences that prompts unexpected discoveries of causes and novel treatments for the diseased nervous system. We also coordinate the Human Body Donation Program at the University of Toledo College of Medicine.

**Synonyms:** University of Toledo Health Sciences Campus; Department of Neurosciences, UT Health Sciences Campus; Neurosciences, UT Health Sciences

Campus; Dept. of Neurosciences

**Resource Type:** data or information resource, department portal, organization portal, portal

**Resource Name:** University of Toledo Health Sciences Campus; Neurosciences

**Resource ID:** SCR\_003466

**Alternate IDs:** nif-0000-02008

**Record Creation Time:** 20220129T080219+0000

**Record Last Update:** 20260903T234617+0000
