Proper Citation: WHO International Clinical Trials Registry Platform (RRID:SCR_004475)

Description: Public database of information about all clinical trials involving humans, this global initiative provides a single point of access to information about ongoing and completed clinical trials. It contains the trial registration data sets made available by data providers around the world meeting criteria for content and quality control. It also aims to: * To improve the comprehensiveness, completeness and accuracy of registered clinical trial data * To communicate and raise awareness of the need to register clinical trials * To ensure the accessibility of registered data * To build capacity for clinical trial registration * To encourage the utilization of registered data * To ensure the sustainability of the ICTRP The mission of the WHO International Clinical Trials Registry Platform is to ensure that a complete view of research is accessible to all those involved in health care decision making. This will improve research transparency and will ultimately strengthen the validity and value of the scientific evidence base. The registration of all interventional trials is a scientific, ethical and moral responsibility. The ICTRP: * Publishes the ICTRP Search Portal * Supports the WHO Registry Network * Supports countries and regions wanting to establish WHO-compliant clinical trial registries or policies on trial registration.

Abbreviations: ICTRP

Synonyms: International Clinical Trials Registry Platform (ICTRP), International Clinical Trials Registry Platform, WHO ICTRP

Resource Type: clinical trial, data or information resource, data repository, database, service resource, storage service resource

Keywords: clinical trial, registry, health care, intervention, FASEB list

Availability: Public

Resource Name: WHO International Clinical Trials Registry Platform

Resource ID: SCR_004475

Alternate IDs: nlx_143764, r3d100012586

Alternate URLs: https://doi.org/10.17616/R3BF58

Record Creation Time: 20220129T080224+0000

Record Last Update: 20260829T182155+0000

Ratings and Alerts

No rating or validation information has been found for WHO International Clinical Trials Registry Platform.

No alerts have been found for WHO International Clinical Trials Registry Platform.
