Proper Citation: PXE International Registry and BioBank (RRID:SCR_004668)

Description: The PXE International BioBank and Clinical Data Registry is the centralized sample repository and registry for pseudoxanthoma elasticum (PXE). It enables translational research and treatment discovery. PXE International, Inc. holds the world's largest collection of blood and tissue from people affected by PXE and their families. It is the only centralized repository for PXE samples in the world. The PXE International BioBank has tens of thousands of samples, including DNA, tissue from every organ in the body, full body donations postmortem, and many special samples such as eyes, urine, breast tumor tissue and so on. The PXE International Clinical Data Registry ties the biological samples to the clinical record and stores self reported data (surveys and questionnaires), medical records (from any specialist), images (CT scans, MRIs and so on) and anything else that can be scanned or typed in. We are using these samples for genetic research ???????? examining the many mutations, the effect of the mutations on the cell and the future of possible interventions. PXE International established the PXE International Blood and Tissue Bank to make certain that your privacy and confidentiality are protected and your samples are available to any approved research project. Researchers interested in either donating PXE DNA, tissue and cell lines or in applying to use material from the bank should call 202.362.9599 or email Sharon Terry.

Abbreviations: PXE International BioBank and Clinical Data Registry

Synonyms: PXE International Tissue Bank, PXE International Registry BioBank, PXE International Blood and Tissue Bank

Resource Type: biomaterial supply resource, material resource, tissue bank

Related Condition: Pseudoxanthoma elasticum

Resource Name: PXE International Registry and BioBank

Resource ID: SCR_004668

Alternate IDs: nlx_66505

Old URLs: <http://www.pxe.org/English/view.asp?x=1548>

Record Creation Time: 20220129T080225+0000

Record Last Update: 20260805T044112+0000

Ratings and Alerts

No rating or validation information has been found for PXE International Registry and BioBank.
