Quidel

RRID:SCR_006146

Type: Tool

Proper Citation

Quidel (RRID:SCR_006146)

Resource Information

URL: <https://www.quidel.com/>

Proper Citation: Quidel (RRID:SCR_006146)

Description: An Antibody supplier

Resource Type: commercial organization

Resource Name: Quidel

Resource ID: SCR_006146

Alternate IDs: nlx_152444

Record Creation Time: 20220129T080234+0000

Record Last Update: 20260808T185841+0000

Ratings and Alerts

No rating or validation information has been found for Quidel.

No alerts have been found for Quidel.

Usage and Citation Metrics

We found 242 mentions in open access literature.

Listed below are recent publications. The full list is available at [NIF](#) .

Konwar S, et al. (2025) Thrombospondin-1 inhibits alternative complement pathway activation in antineutrophil cytoplasmic antibody-associated vasculitis. *The Journal of clinical investigation*, 135(13).

Brangulis K, et al. (2025) CspZ variant-specific interaction with factor H incorporates a metal site to support Lyme borreliæ complement evasion. *The Journal of biological chemistry*, 301(1), 108083.

Pérez-Castilla A, et al. (2025) Reliability and Acute Changes in the Load-Velocity Profile During Countermovement Jump Exercise Following Different Velocity-Based Resistance Training Protocols in Recreational Runners. *European journal of sport science*, 25(5), e12309.

Magnusdottir U, et al. (2025) Heparin-binding of the human chitinase-like protein YKL-40 is allosterically modified by chitin oligosaccharides. *Biochemistry and biophysics reports*, 41, 101908.

Kohm E, et al. (2025) Thromboxane A2 or Activated Platelets Slightly Lower Fgf23 Expression in vitro. *Kidney & blood pressure research*, 50(1), 375.

Stacevičienė I, et al. (2024) Epidemiological changes of acute respiratory infections in children: A single-center experience after COVID-19 lockdown. *PloS one*, 19(4), e0300877.

Wijesooriya LI, et al. (2024) A study on viruses and bacteria with particular interest on *Mycoplasma pneumoniae* in children with exacerbation of asthma from a tertiary care hospital in Sri Lanka. *Access microbiology*, 6(7).

Chen BM, et al. (2024) Liposomes with Low Levels of Grafted Poly(ethylene glycol) Remain Susceptible to Destabilization by Anti-Poly(ethylene glycol) Antibodies. *ACS nano*, 18(33), 22122.

Revel M, et al. (2024) Humoral complementomics - exploration of noninvasive complement biomarkers as predictors of renal cancer progression. *Oncoimmunology*, 13(1), 2328433.

Peterson SL, et al. (2024) PolySialic Acid Nanoparticles Actuate Complement-Factor-H-Mediated Inhibition of the Alternative Complement Pathway: A Safer Potential Therapy for Age-Related Macular Degeneration. *Pharmaceuticals (Basel, Switzerland)*, 17(4).

Saber LB, et al. (2024) Correlation of SARS-CoV-2 in Wastewater and Individual Testing Results in a Jail, Atlanta, Georgia, USA. *Emerging infectious diseases*, 30(13), S21.

O'Leary TJ, et al. (2024) Sex differences in energy balance, body composition, and metabolic and endocrine markers during prolonged arduous military training. *Journal of applied physiology (Bethesda, Md. : 1985)*, 136(4), 938.

Kesarwani V, et al. (2024) Urinary complement biomarkers in immune-mediated kidney diseases. *Frontiers in immunology*, 15, 1357869.

Thomas L, et al. (2024) Vitamin D3 suppresses Npt2c abundance and differentially modulates phosphate and calcium homeostasis in Npt2a knockout mice. *Scientific reports*, 14(1), 16997.

Lee WT, et al. (2023) Serum Intact Fibroblast Growth Factor 23 Levels Are Negatively Associated with Bone Mineral Density in Chronic Hemodialysis Patients. *Journal of clinical medicine*, 12(4).

Peck R, et al. (2023) From biorepositories to data repositories: Open-access resources accelerate early R&D and validation of equitable diagnostic tools. *PLOS global public health*, 3(8), e0002044.

Dage JL, et al. (2023) Cerebrospinal fluid biomarkers in the Longitudinal Early-onset Alzheimer's Disease Study. *Alzheimer's & dementia : the journal of the Alzheimer's Association*, 19 Suppl 9(Suppl 9), S115.

Fang YW, et al. (2023) High intact fibroblast growth factor 23 levels associated with low hemoglobin levels in patients on chronic hemodialysis. *Frontiers in medicine*, 10, 1098871.

Schoettler M, et al. (2023) Sickle cell disease is a risk factor for transplant-associated thrombotic microangiopathy in children. *Blood advances*, 7(9), 1784.

Rystedt K, et al. (2023) Agreement between rapid antigen detection test and culture for group A streptococcus in patients recently treated for pharyngotonsillitis - a prospective observational study in primary care. *Scandinavian journal of primary health care*, 41(1), 91.
