# **Cellpack**

RRID:SCR\_006831

Type: Tool

### **Proper Citation**

Cellpack (RRID:SCR\_006831)

#### **Resource Information**

URL: http://www.autopack.org/

Proper Citation: Cellpack (RRID:SCR\_006831)

**Description:** A specialized version of autoPack designed to pack biological components together. The current version is optimized to pack molecules into cells with biologically relevant interactions to populate massive cell models with atomic or near-atomic details. Components of the algorithm pack transmembrane proteins and lipids into bilayers, globular molecules into compartments defined by the bilayers (or as exteriors), and fibrous components like microtubules, actin, and DNA.

**Abbreviations:** cellPack

Resource Type: software resource, software application, data processing software

**Keywords:** 3d packing software, pack, molecule, cell

Funding: QB3 at UCSF Fellowship;

NSF 07576;
