Alzheimer's Disease Cooperative Study

RRID:SCR_008254

Type: Tool

Proper Citation

Alzheimer's Disease Cooperative Study (RRID:SCR_008254)

Resource Information

URL: <http://www.adcs.org/>

Proper Citation: Alzheimer's Disease Cooperative Study (RRID:SCR_008254)

Description: An initiative for Alzheimer's disease clinical studies that works to facilitate the discovery, development and testing of new drugs, and is a part of the Alzheimer's Disease Prevention Initiative. This resource has an emphasis on expanding the range of its patients, mainly by enhancing the recruitment of minority groups. There is a further emphasis placed on testing agents that cannot be patented, as well as developing novel compounds that had been developed by individuals, academic institutions and drug discovery units. This resource also helps in the development of Alzheimer's disease centers to carry out studies, as well as establish administrative, data, operations and medical cores in San Diego. This organization is specifically involved in studies demonstrating the lack of benefit associated, previously used treatments such as: the use of estrogen, non-steroidal anti-inflammatory drugs, B vitamins and a statin drug. The Alzheimer's Disease Cooperative Study also develops assessment instruments to be used in clinical trials. The most frequently used of these tools include: the Alzheimer's Disease Assessment Scale-Cognitive sub-scale (ADAS-cog), Activities of Daily Living (ADL), and the Clinical Global Impression of Change Scale (CGIC). There is also an associated tissue bank at UCSD that includes materials from the clinical trials including: human tissue, blood, plasma, DNA, urine and cerebrospinal fluid.

Abbreviations: ADCS

Resource Type: biomaterial supply resource, material resource, tissue bank

Keywords: drug, alzheimer's disease, cognitive assessment, behavioral assessment, blood, clinical trial, dementia, plasma, prevention, urine, cerebral spinal fluid, dna, image, data sharing, tissue, cognition, behavior

Related Condition: Alzheimer's disease

Funding: NIA

Availability: Public

Resource Name: Alzheimer's Disease Cooperative Study

Resource ID: SCR_008254

Alternate IDs: nif-0000-22434

Record Creation Time: 20220129T080246+0000

Record Last Update: 20260821T042810+0000

Ratings and Alerts

No rating or validation information has been found for Alzheimer's Disease Cooperative Study.

No alerts have been found for Alzheimer's Disease Cooperative Study.
