### Resource Information

**URL:** <http://dms.dartmouth.edu/dgml>

**Proper Citation:** Dartmouth Genomics Shared Resource (RRID:SCR\_009763)

**Description:** Core facility that provides the following services: Illumina Bead Array service, Affymetrix Microarray service.

The Genomics Shared Resource provides technologies to the Norris Cotton Cancer Center and Dartmouth community investigators that enable profiling of gene expression, miRNA, GpC Island, and CGH on a whole-genome scale. The long-term goal of the Genomics Shared Resource is to provide an efficient and affordable fee-for-service operation that will provide high quality genomics and microarray data for the growing number of Cancer Center investigators who require this service.

**Resource Type:** access service resource, service resource, core facility
