# **Ontology for Genetic Disease Investigations**

RRID:SCR\_010385 Type: Tool

#### **Proper Citation**

Ontology for Genetic Disease Investigations (RRID:SCR\_010385)

#### **Resource Information**

URL: http://purl.bioontology.org/ontology/OGDI

Proper Citation: Ontology for Genetic Disease Investigations (RRID:SCR\_010385)

**Description:** Ontology used to model the scientific investigation, especially Genome-Wide Association Study (GWAS), to find out genetic susceptibility factor to disease, such as Diabetes. It models the genetic varaints, polymorphisms, statistical measurement, populations and other elements that are essential to determine a genetic susceptibility factor in GWAS study. It must be used with other two ontologies, in the case of Diabetes, :Ontology of Geographical Region (OGR) and Ontology of Glucose Metabolism Disorder (OGMD).

Abbreviations: OGDI

Resource Type: data or information resource, controlled vocabulary, ontology

Keywords: owl

Funding:

Resource Name: Ontology for Genetic Disease Investigations

Resource ID: SCR\_010385

Alternate IDs: nlx\_157516

**Record Creation Time:** 20220129T080258+0000

Record Last Update: 20250429T055433+0000

**Ratings and Alerts** 

No rating or validation information has been found for Ontology for Genetic Disease Investigations.

No alerts have been found for Ontology for Genetic Disease Investigations.
